

What evidence is required? Let the Illustration Software tell you...automatically!

Confused about what evidence is required? Following these 4 easy steps and know exactly what evidence is required....every time. It's that easy!

1. Select Report Design under the Report tab in your Illustration Software.
2. Check off the Underwriting Report box.
3. Click on the Advisor Tools tab and select Save case as default.
4. Repeat for each product.

Please arrange medical requirements through your usual medical provider. If you have any questions, please contact your Regional Marketing Manager.
