

Before you invest, it's important to understand your investor profile. This short questionnaire will help you identify your investment style—based on your goals, comfort with risk, and time horizon. Your results will point you to one of six investor styles, helping you choose a portfolio that best aligns with your needs.

| Investor profile questionnaire | | |
|--------------------------------|--|-------|
| 1. How v | vould you describe your investment knowledge? | Score |

| | c) \$60,000 to \$99,999 (2) | |
| | d) \$100,000 to \$149,999 (3) | |
| | e) Over \$150,000 (4) | |
| 3. What is your age? | | Score |
| | a) Under 40 (6) | |
| | b) 41 - 54 (4) | |
| | c) 55 - 64 (2) | |
| | d) 65 or older (0) | |
| Subtotal | | |

| | is your net estimated worth? This can be calculated by adding up your assets (investments, cash, state, valuables, etc.) and subtracting your liabilities (mortgage loans, student loans, credit card etc.). | Score |
|----------|--|-------|
| | a) Less than \$50,000 (0) | |
| | b) \$50,000 - \$99,999 (1) | |
| | c) \$100,000 - \$249,999 (2) | |
| | d) \$250,000 - \$499,999 (3) | |
| | e) \$500,000 or more (4) | |
| 5. What | is your primary investment goal? | Score |
| | a) Emergency or short-term needs. (0) | |
| | b) Protecting my investment from short-term losses. (1) | |
| | c) Earning some income and growing my investments over time. (2) | |
| | d) Growing my investments over the long term. (3) | |
| | e) Maximizing long-term growth. (4) | |
| 6. How v | vould you classify your current financial situation? | Score |
| | a) No savings and significant debt. (0) | |
| | b) Little savings and a fair amount of debt. (1) | |
| | c) Some savings and some debt. (2) | |
| | d) Some savings and little °- no debt. (3) | |
| | e) Significant savings and little to no debt. (4) | |
| 7. What | is your attitude toward market risk? | Score |
| | a) As low as \$25,000 and as high as \$25,500 (0) | |
| | b) As low as \$24,000 and as high as \$26,500 (1) | |
| | c) As low as \$23,000 and as high as \$27,500 (2) | |
| | d) As low as \$21,000 and as high as \$30,000 (3) | |
| | e) As low as \$19,000 and as high as \$32,500 (4) | |
| | ne you invested \$100,000 into a well-known equity fund that has a strong performance history. two years of volatile markets, your original investment is worth \$70,000. What would you do? | Score |
| | a) Sell: I could not risk further losses. (0) | |
| | b) Sell a portion: I'd want to protect some of my capital. (2) | |
| | c) Hold: I understand markets fluctuate and would re-evaluate in one year. (4) | |
| | d) Buy more: I would buy more of this investment now that prices have dropped. (6) | |
| Subtotal | | |

| possib | ne you have \$10,000 to invest. Below are five different investment options, each showing a ble range of returns after one year. Options with wider ranges offer higher potential returns – so higher risk. Which option would you feel most comfortable choosing? | Score |
|-----------|--|-------|
| | a) Investment #1: As low as \$10,000 and as high as \$10, 200. (0) | |
| | b) Investment #2: As low as \$9,600 and as high as \$10,600. (1) | |
| | c) Investment #3: As low as \$9,200 and as high as \$11,000. (2) | |
| | d) Investment #4: As low as \$8,400 and as high as \$12,000. (3) | |
| | e) Investment #5: As low as \$7,600 and as high as \$13,000. (4) | |
| 10. Whe | n do you plan to start actively withdrawing the money saved in your investments? | Score |
| | a) Less than 3 years. (0) | |
| | b) 3 to 5 years. (2) | |
| | c) 6 to 10 years. (4) | |
| | d) More than 10 years. (6) | |

Investor Profiles

| Profile description | Investment mix |
|---|--------------------------------|
| Minimal Risk Profile (0 to 7 points) You want to protect your money with little to no risk. Your focus is on preserving your investment, not growing it. Ideal if you have a very low risk tolerance, or will need your money within a short period of time. The following investment options are recommended: Money Market segregated fund, Daily Interest Account or Guaranteed Investment Account. | 100% fixed income |
| Conservative Profile (8 to 16 points) You prefer stable, income-generating investments with minimal risk. You're open to a small amount of growth to help offset inflation. Most of your portfolio is in low-risk fixed income investments, with limited exposure to equities. | 20% Equity 80% fixed income |
| Moderate Conservative Profile (17 to 25 points) You want a balance of income and modest growth, with a cautious approach to risk. You're comfortable with some market ups and downs in exchange for better returns than a fully conservative portfolio. Your portfolio includes a mix of fixed income and equities, leaning toward stability. | 40% equity 60% fixed income |
| Balanced Profile (26 to 34 points) You're looking for a balanced approach between growth and income. You can tolerate moderate market fluctuations to achieve long-term goals. Your portfolio has a healthy mix of equity and fixed income to support steady growth. | 60% equity 40% fixed income |
| Growth Profile (35 to 42 points) You're focused on long-term growth and are comfortable with higher risk. You can handle short-term market volatility in pursuit of stronger returns. Most of your portfolio is in equities, with a small portion in fixed income for stability. | 80% equity 20% fixed income |
| Aggressive Growth Profile (43 or more points) You aim to maximize long-term returns, even if it means big ups and downs. You're comfortable with high risk and full equity exposure. Best suited for investors with a long time horizon and strong risk tolerance. | 100% equity |

Any amount that is allocated to a segregated fund is invested at the risk of the owner and may increase or decrease in value. Segregated fund values change frequently and past performance does not guarantee future results. Professional advice should be sought before an investor embarks on any investment strategy. Investors do not purchase an interest in underlying securities or funds, but rather, an individual variable insurance contract issued by Equitable. There are risks involved with investing in segregated funds. Please read the Contract Provisions and Information Folder before investing for a description of risks relevant to each segregated fund and for a complete description of product features and guarantees. Copies of the Contract Provisions and Information Folder are available from your advisor or equitable.ca.

About Equitable

At Equitable, we believe in the power of together. This is how we focus on our clients. It's how we support advisors and give back to our communities.

Partnered with advisors we offer insurance, investments and group benefit solutions to help our clients protect today and prepare tomorrow. We believe the world is better when we work together.
