

# The myFlex Benefits® difference

## Big benefits for small business

A myFlex Benefits® plan allows you to stand out, stay competitive, and give your team access to the coverage they need.

### For employers

- Attract new talent and grow your business
- Retain employees and your training investment
- Set a budget and build your benefits
- Share costs with employees
- Reward your dedicated team with benefits they value
- Stabilize your costs with a two-year renewal and pooled pricing that spreads the risk across the entire block of myFlex Benefits clients

### For employees

- Employee engagement in the process drives higher appreciation of your contribution
- A variety of benefit options to meet the diverse needs of your team
- The opportunity to purchase additional benefits with payroll deductions
- An easy online benefit selection process puts your contribution front and centre
- Secure web account to submit claims and access health and wellness resources
- Access to:
  - Homeweb: an online library of health and wellness tools provided by Homewood Health.
  - RxFood: a mobile nutrition app that helps make healthy eating easier and provides personalized feedback, tailored suggestions, recipes and ingredient options to suit every budget.
