

Your employees aren't all the same, so why offer them all the same options for benefits?

Stand out from the crowd by offering an innovative, flexible and budget-conscious plan that is specifically designed to meet the needs of small businesses.

Stability

- A **two-year rate guarantee** ensures you can look forward to stable pricing.
- **Pooled** pricing spreads the risk across the entire block of myFlex clients.
- **Attract new talent and retain employees**, growing your business.

Flexibility

- Choose **coverage levels based on your budget**.
- Employees choose from **various options to meet their own diverse needs**.
- A **built-in Health Care Spending Account** allows employees to spend their health care dollars as they'd like.
- Employees have the **opportunity to purchase additional benefits** with payroll deductions.

Simplicity

- Our **online benefit selection tool** makes it easy and convenient for employees to choose their benefit options.
- A **secure web account and mobile-friendly tools** provide access to fast claims submission and valuable health and wellness resources.
- **Easily share costs** with your employees and have your contributions **front and centre** during the online selection process.

Isn't it time to think differently about group benefits?
